Mr. Perez,

On behalf of St. Luke's I would like to take this opportunity to thank you for the exceptional service you and your company has provided to us in the last 8 months.

Your company has shown us a level of commitment and attentiveness that is very much appreciated, especially in working with our unique population and ensuring that your employees adhere to our specific requirements. The customer service we have received from the company has been most appreciated. You have been able to respond to our time sensitive needs quickly and professionally. The company's ability to manage the needs of our company and provide us with coverage allows us to focus on other important tasks.

I would recommend Security Management innovations as a security provider to any organization that requires a quality security firm.

Sincerely,

Sandra Valdes, MSW
